

How to tell if your LibraPlus is Rev1 or Rev2?

On the back of the LibraPlus unit and on the box that the LibraPlus is shipped in there is a label similar to the one below with the serial number, product name and part number. In the bottom left-hand corner of this label there is a Manufacturing Release Number indicated by Mfg Rls.

Check the chart below to determine the revision level of your LibraPlus Radio.

Revision Level	Mfg Rls.
Rev1 :	01, 02, 03...0x A1, A2, A3...Ax
Rev2	B1, B2, B3...Bx
