

Cochrane Telecom Launches New Website

Cochrane, ON, CANADA (April 29, 2021) – Subsequent to EION Inc.’s Acquisition of Cochrane Telecom, we are excited to announce the launch of our updated website with a new look and feel, while maintaining our services and paying homage to our 100-year history. We invite you to take a look at the newly designed website at <https://cochranetel.ca/> to learn more about our services.

“Within the first 30 days of the acquisition of CochraneTel by EION, we are very pleased to launch a new website, showcasing both our history and the rapid change we are undergoing to serve our customers better,” stated John O’Farrell, President, Cochrane Telecom Services Inc.

“Soon after completing the acquisition of CochraneTel, we wanted to show the people of the Town of Cochrane that we are committed to the rapid growth of the company and to modernize how things are done,” Dr. Kalai Kalaichelvan, CEO of Cochrane Telecom Services Inc. and EION Inc. concluded.

About Cochrane Telecom Services Inc.

CochraneTel was founded in 1921 under the Public Utilities Commission, to provide electricity, water and sewer and telephone services to the community of Cochrane. With the introduction of competition in the electricity market and the disbanding of Commissions across the province, Cochrane Telecom Services (CTS) was formed in 2003, to continue providing telecommunications to the community. In 1994 internet was introduced to Cochrane, which has become one of our primary sources of revenue.

In 2015, CTS pursued the implementation of Internet Protocol Television (IPTV), a television service offered through the same copper and fibre cables that transport all our services.

CochraneTel looks forward to delivering ever improving services to all the people of Cochrane, both in the rural and urban communities, for another 100 years to come.

About EION Wireless

EION Wireless, headquartered in Ottawa, ON Canada, is a global provider of Broadband Wireless Access products that enable effective, economic and secure wireless high-speed communications solutions. Formed in 2001, EION is a global provider of 4G Mobile LTE solutions, and high-speed broadband wireless products.
