

Canquest Communications Wins Gold Medal for Best Internet Service

*Canquest is Gold Winner in Internet Service Providers Category
by CommunityVotes Chatham-Kent 2021*

Chatham, ON, CANADA and Toronto, Ontario, CANADA (September 30, 2021) – PomeGran Inc., a leading owner and operator of fibre and fixed wireless rural broadband networks across Canada, under the brands of IceNet Wireless, CochraneTel and Canquest Communications is pleased to announce that Canquest Communications is a Gold Winner in Internet Service Providers category by CommunityVotes Chatham-Kent 2021.

This year's campaign hosted thousands of nominations and votes cast by residents of county of Chatham-Kent. An astounding 1,807 businesses and people were nominated, but only the top 10 nominees in each category moved on to voting.

"We are very proud of the great and attentive service that our team provides to our customers," said Rob Klein, Chief Operating Officer, Canquest Communications. "We are very grateful for the recognition that our community has bestowed upon us! We strive every day to provide better customer care and will work hard to continue to keep our customers' trust as we expand our service offerings," he concluded.

About CommunityVotes

CommunityVotes has been the leading Community Voting awards platform for media outlets since 2014.

CommunityVotes prides themselves on being an independent and impartial platform that allows the community to be heard.

CommunityVotes' mission is to provide each community (city, town or association), a place where its members can recognize the outstanding businesses and services that make our lives that much better each day.

CommunityVotes has provided a platform for millions of people to nominate and vote for anything from their favourite place to dine on the weekend, the friendly mechanic who they trust when they are in a bind, or the realtor who helped them move into their perfect home in the right neighbourhood.

Community-driven recognition of local businesses and services provide key insights that can help you make the most of your important purchases and save you time finding the trusted business to get the job done right.

With each nomination and vote, you help make your community a better and more friendly place to live.

About Canquest Communications

The idea for Canquest was born in 1992 when founder John Smith noticed that there were no phone companies that could provide quality service at an affordable price. Since then, Canquest has grown every year due to the intense commitment the company makes to customers. Canquest is operated by a highly knowledgeable team that brings decades of telecommunications experience to the company.

Canquest provides its customers with reliable, high-speed, secure and affordable Internet and VoIP phone service, as well as maintaining local technical support agents who are available seven days a week.

About PomeGran Inc.

PomeGran Inc., headquartered in Toronto, ON, Canada, owns and operates fibre and fixed wireless broadband networks across Canada and is an IoT Managed Services Provider that delivers a secure, AI-powered, self-healing platform for Smart Infrastructure. PomeGran, through its EION subsidiary, is a global provider of Broadband Wireless access products that enable effective, economic and secure wireless high-speed communications solutions.
