

George's Lake East, Sheppardville and Robinson Bight now enjoy 50/10 Highspeed Internet with 4G LTE-A Network

IceNet upgrades network to offer unlimited downloads, with unparalleled connectivity to Newfoundland communities with Gigabit Fibre backhaul.

OTTAWA, ON and NEWFOUNDLAND, CANADA (March 3, 2021) — **IceNet Wireless**, a leading trusted neighbourhood wireless internet service provider in rural Newfoundland, is pleased to announce that it has been upgrading its wireless network since Spring 2021 and has rolled out its fast, affordable, and unlimited LTE 50 Plan to three communities across Newfoundland. With its upgraded wireless network, it is now offering download speeds up to 50 Mbps and upload speeds up to 10 Mbps to the following Newfoundland communities: George's Lake East, Sheppardville and Robinson Bight. This is an important milestone in bridging the broadband connectivity gap across Newfoundland.

Customers in these communities previously had significantly lower internet speeds and now are able to upgrade to higher speeds, with unlimited data as per their needs. Furthermore, IceNet Wireless has upgraded to 4G-LTE Advanced technology, which provides a higher reliability and the best quality of service for bandwidth-intensive applications such as gaming and real-time streaming for movies.

IceNet Wireless deploys innovative thinking to bridge the fibre connectivity gap in underserved Newfoundland by taking the nearest available fibre and building its wireless backhaul and last mile solution networks and towers as needed, delivering high-speed wireless internet to residents. Today, IceNet offers broadband to over 120 communities in Newfoundland and the PomeGran group of companies, its parent company, owns and operates broadband networks in Ontario and Quebec.

IceNet Wireless offers this LTE50 Unlimited data 50/10 Mbps package at a starting price of just \$54.95 per month.

IceNet Wireless harbors the goal of addressing the broadband connectivity gap across Newfoundland with innovative strategies and keep serving the communities better just like this initiative.
