

EION BYTES

EION InterMapper Solution The Power of Wireless Network Mapping & Monitoring

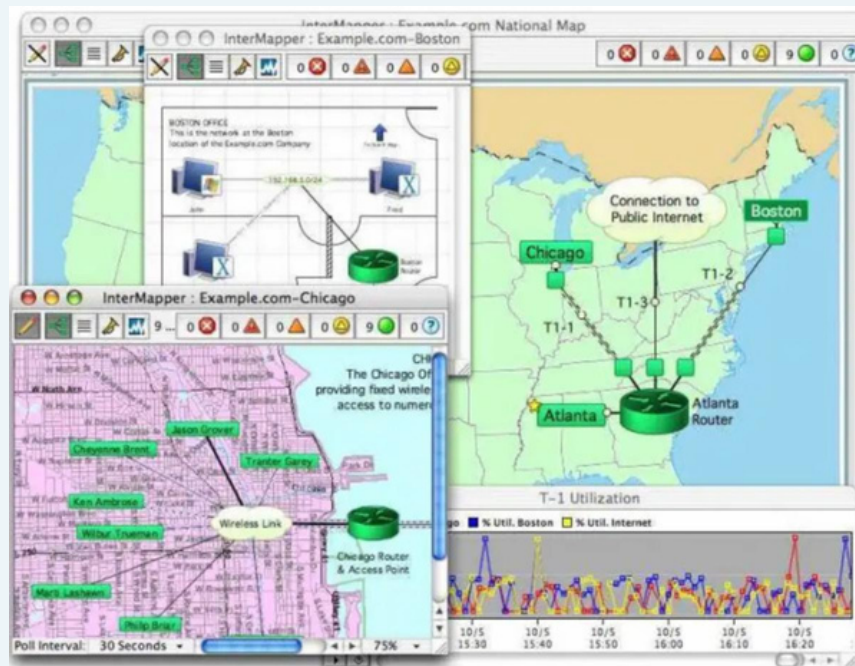

What is InterMapper?

- **Monitoring, Mapping, and Alerting Tool**
- **Live Mapping**
- **Auto-Discovery**
- **Colour-coded Icons**
- **Real-Time Network Traffic Statistics**
- **Comprehensive Monitoring**
- **Built-In Probes**
- **NetFlow Traffic Analyzer**
- **Alerting & Diagnostics**
- **Layer 2 Module**

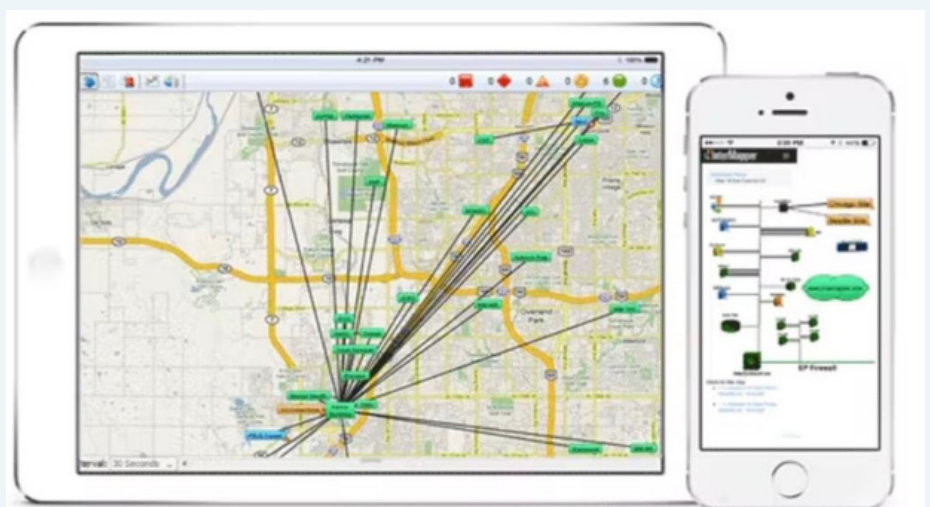

Key InterMapper Features

- Real-Time Network Mapping
- Bandwidth Monitoring
- Netflow analysis and Collection
- Device Performance Monitoring
- Network Performance and Fault Management
- Layer 2 Network Topology Monitoring (Physical Connections)
- Alert Management
- Reporting Tool

Types of Alerting

- Email
- SMS
- Sounds
- SNMP Trap
- Splunk Log
- Pager
- Command Line
- PowerShell
